

SS ENGINEERING

PRECISION MANUFACTURING SOLUTIONS

Sheet Metal Parts • Fasteners • Machined • Fabrication

 **Faridabad, Haryana, India**

WHO WE ARE

Founded to redefine industrial manufacturing, **S S Engineering** has evolved into Faridabad's leading precision engineering firm.

OUR MISSION, VISION & VALUES

 **MISSION:** Deliver world-class precision engineering solutions.

 **VISION:** Be recognized globally as a trusted engineering partner.

 **VALUES:** Integrity, Precision, Innovation, Customer Success.

PRODUCTS & SERVICES

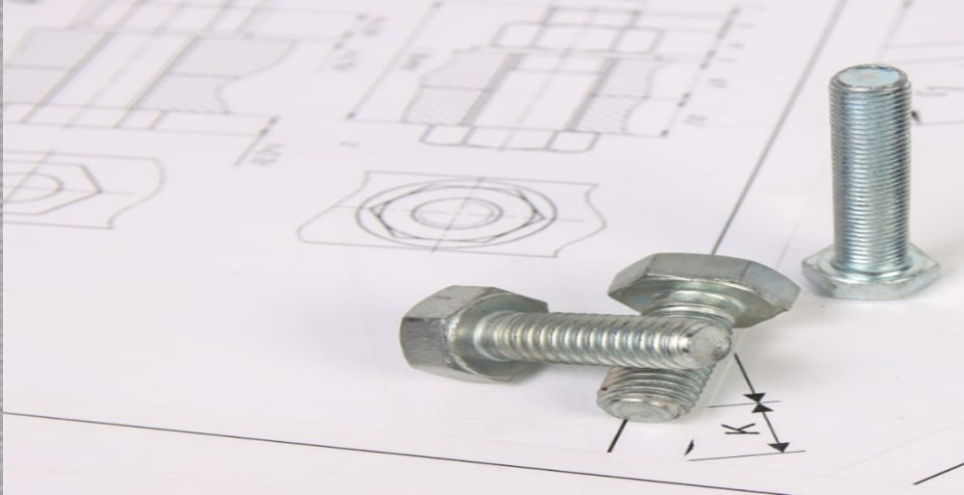

SHEET METAL PARTS

Precision stamping, bending, forming for structural components.

FASTENERS

High-tensile bolts, nuts, washers for industrial applications.

MACHINED COMPONENTS

CNC turned and milled parts with flawless precision.

FABRICATION & WELDING

Expert TIG/MIG welding and assembly with superior integrity.

ADVANCED SERVICES

GALVANIZATION

Electro-plating and galvanization for enhanced durability.

QUALITY ASSURANCE

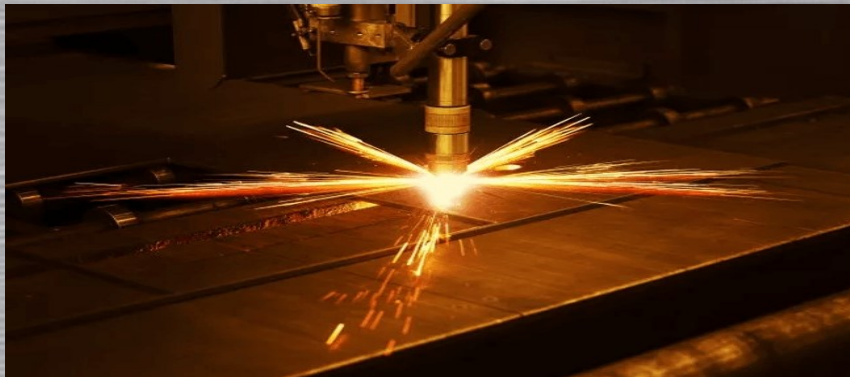

Zero-defect protocols with advanced measurement equipment.

INFRASTRUCTURE & CAPABILITIES

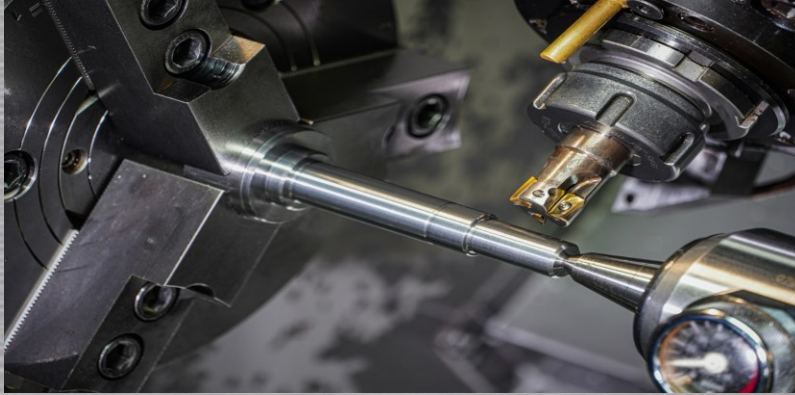

MANUFACTURING OPERATIONS

Press Shop • CNC Machine Shop • Weld & Assembly.

CNC PRECISION

Multi-axis centers for complex precision components.

EXPORT & LOGISTICS

QUALITY LABS

Precision gauges and testing for accuracy verification.

EXPORT CAPABILITIES

Export-grade packaging and global logistics support.

PACKAGING

Custom finishing and certification with full traceability.

MANUFACTURING EXCELLENCE

Optimized facilities for flexibility and quality. Rigorous inspection ensures dimensional accuracy and material integrity.

SUSTAINABILITY

We actively work on waste reduction, energy optimization, and continuous improvement.

MANUFACTURING CAPABILITIES

 **PRECISION CNC MACHINE:** Heavy-Duty multi-axis CNC Turning Machine, 300mm

 **POWER PRESS MACHINE:** 100Ton, 50Ton & 5Ton.

 **FABRICATION & WELDING MACHINE:** Mig, Tig & ARC welding capabilities

 **LATHE MACHINE:** Heavy-Duty 6foot & 9foot Lathe machine
